

A WARNING.

One of our rumies was brought up with a round turn one day last week. He procured a bottle of liquor of the agent, Mr. Wright, as he alleged for a sick neighbor; but there was evidence to prove that he went into a shop here on the street and drank it with some companions. These facts coming to the knowledge of the town liquor agent, he left the matter with our state's attorney, J. Ross, Esq., who caused the arrest and fine of the offender to the amount of about \$14. For the benefit of all, particularly those who are disposed to lie to town agents, we copy the section of law on this point:

If any person shall procure, or attempt to procure, of any authorized agent in the State, any intoxicating liquor, by falsely representing the purpose for which it is intended by him to be used, such persons so procuring it or attempting to procure it, shall forfeit and pay into the treasury of the town in which the offence is committed, the sum of ten dollars for each offence, together with cost of prosecution.—Section 3 of No. 2 of 1855.—Caledonian.

NEW HAMPSHIRE ALL RIGHT.—The election in New Hampshire last Tuesday was a complete and decisive victory for the Union, against the sham democracy under the lead of Franklin Pierce. We confess we felt some solicitude for the event, as the Union canvass of the State before the election put Gilmore's majority at so small a figure that we feared it might be overcome. The result has, however, set at rest all doubts as to the fidelity of New Hampshire to the cause of Union and Freedom.

The result may be summed up as follows: Gov. Gilmore re-elected by nearly 6000 majority.

Council entirely Republican. Senate, nine Republicans to three Democrats. House, 75 or more Republican majority. That will do for this time.—Montpelier Freeman.

Col. Thomas arrived here last week from the department of the Gulf, on business connected with the re-enlistment of the members of the 8th regiment. About 400 of the regiment had re-enlisted expecting town bounties at home, and were not pleased with the idea that the quota of the State having been filled and more too, their chances for these bounties were growing small by degrees and beautifully less. Colonel Thomas will, we trust, be able to influence towns to consider the case of these veterans. They went into the service with little or no bounty, and are worth more to the service than raw recruits; and if towns are to pay bounties for recruits there seems to be eminent justice as well as expediency in paying them to the veterans of the three years service.—Freeman.

SPLendid CAR.—A new "Ladies' Car," has just been built by E. F. Perkins of St. Albans, for the Vermont Central Railroad. It is one of the "turret" kind, a foot higher than ordinary cars. The outside of the car is painted in imitation of rosewood, with gilt trimmings, and beautiful paintings on the panels. On each corner is a well executed portrait, representing Gov. Smith, J. Clark, and Lawrence Brainerd, Trustees of the road, and G. Merrill, Superintendent.

Inside, the car is fitted up gorgeously. The seats are cushioned with Moquette tapestry, the floor carpeted, the woodwork of chestnut and black walnut, oiled so as to show the grain of the wood, with beautiful paintings on the glass windows of the "turret," ornamental lanterns, etc. At one end is a good sized "Ladies' Room," upholstered in the nicest manner, provided with lounge, table, arm chairs, wash bowls, silk curtains, tapestry carpet, etc., with closets adjoining. Everything is as nice as the parlor of a well furnished residence.

More of these cars are building at St. Albans, and will be put on the through route between Boston and Chicago.

There is much open water in the Lake, and no prospect of any crossing this winter. Persons have been across on foot, but no teams have ventured. It is a number of years since the like has occurred.—Free Press.

COUNTY COMMISSIONER.—The commissioners elected were temperance candidates, in every county in the State, except Chittenden and Lamoille.—Freeman.

FIRE IN BARTON.—On Tuesday night the saw-mill owned by David S. Abbott, on Barton river, about two miles from Barton village, with its contents, was entirely consumed by fire. Loss about 2,000. Insured for \$600.

THE GREAT

American Tea Company,

51 VESEY STREET, NEW YORK.

Since its organization, has created a new era in the history of

SELLING TEAS IN THIS COUNTRY.

All our Teas are selected by a Professional Taster, expressly and exclusively for us, and we never charge over Two cents (22 cents) per pound above cost for original packages.

We have but One Price to every one for each quality, and that price is always marked on each sample package at our store in plain figures.

We issue a monthly Price List of our Teas, which will be sent free to all who order.—We advise every Tea Seller to see it. It comprises a full assortment selected for every locality in the States, Provinces, South America and the West Indies. In this list each kind is divided into Four Classes or qualities, namely: 1. Cargo, 2. High Cargo, 3. Finest, 4. Choice. Every one can understand from description and the prices annexed that the Company are determined to undersell the whole tea trade.

We guarantee to sell all our Teas in original packages at not over Two Cents per pound above cost, believing this to be attractive to the many who have heretofore been paying enormous profits.

Our business is largely done on orders, which we always execute as well and promptly as though the buyer came himself, giving true weights and prices and always guaranteeing everything: our responsibility enabling us to do all we promise.

Every dealer can order his teas direct from the Company, and parties doing business within Five Hundred (500) miles of New York can return Tea bought of us if they are not cheaper than they can buy elsewhere, and the purchaser is dissatisfied with his bargain within fourteen days (14), and have the money refunded to them. Those who are over five hundred miles can have thirty days (30), and the same privileges extended to them.

Besides these advantages the Company will pay all expenses, both ways, if the Teas are returned.

AGENTS AND CANVASSERS WANTED.

A splendid opportunity for active parties to canvass for a pair of unusually popular engravings, just issued. The departure of the Pilgrim Fathers for America; and the Landing of the Pilgrims in America. Price so low that every family will purchase. Address, for terms,

22 Cedar St., New York.

TWO ELEGANT WORKS OF ART!

Just Issued!

The Departure of the Pilgrim Fathers for America, and The Landing of the Pilgrims in America.

Each engraving 26 x 34 inches, price only \$1.50 each, by mail. These constitute the finest pair of companion engravings ever published in the United States. They were engraved by the most eminent steel plate engraver in this country, John C. McRae, of New York City, and for artistic skill and high beauty were never excelled. Mr. Melcher's goal in whatever he attempts, but in these gems he has outdone himself. He was determined to render them enduring monuments of his skill, and no pains or expense have been spared to make them perfect works of art, and to far exceed any similar works ever issued in this country. They are the same size, and in every respect equal to the elegant English engravings of the same subjects, which cannot be bought in this country for less than \$12.50 each copy.

We have undertaken a gigantic enterprise, and one which we earnestly invite the co-operation of all lovers of the beautiful in art. We must sell fifty thousand copies of each of these magnificent engravings, and to accomplish this, have placed the price low enough to bring them within the reach of every one. Will you help us?

And in so doing confer a lifelong pleasure on yourself! Such a great value in art for so little money, was never before offered, and nothing short of a very large sale will remunerate us. Such splendid Parlor Gems are usually published at \$5 or \$10 each, but we have determined to appear to the public, to sustain us in our efforts to bring them within the reach of every family in the land.

The great historical value of these pictures—their large size—their great elegance and beauty will
